Attached is a list of the unfunded vaccines that Village Health can provide to patients.

Based on your travel itinerary the Doctor will tick the boxes of vaccines that are strongly recommended for you. The Doctor may also tick some boxes of vaccines that are optional but still recommended for you to consider for your travel.

Unfunded vaccines are to be prepaid.

Please return this document to reception indicating which vaccines you would like to proceed with by entering your initials next to the vaccines you would like to order. Reception will then contact you for payment.

Vaccines will be ordered once payment is made, they can take up to a week to come into the practice. You will be contacted when the vaccines arrive and to organise a nurse's appointment.

If you have any questions about the information provided, please contact us.
